**MGM Springfield Awards Parking Garage Contract  
to Tishman Construction in Partnership with Fontaine Brothers, Inc.**

*Construction of Resort's 3,400-space Parking Garage Expected to Begin this Month*

**SPRINGFIELD, MA –May 12, 2016** – MGM Springfield, the urban, luxury destination resort currently under development in Springfield, Massachusetts, today announces that it has awarded a construction contract to Tishman Construction, a wholly-owned subsidiary of AECOM, in partnership with Springfield-based construction manager Fontaine Bros., Inc. Together these companies will be responsible for erecting the seven-level, 3,400-space parking garage structure. Construction is set to begin this May, and it is expected to be completed in approximately 20 months.

“We are delighted about our continuous progress toward building MGM Springfield. Today’s announcement is yet another example of how we are engaging top global companies and local businesses to develop this tremendous project,” said Michael Mathis, President and COO, MGM Springfield. “We are excited to see construction on the garage move forward, as the foundation is poured and we watch this structure rise out of the ground over the coming months.”

MGM Springfield is expected to open in fall 2018, and is currently the largest construction project under development in Western Massachusetts. When it opens, the resort will feature a luxury hotel and a variety of world-class entertainment offerings – including dining, shopping, gaming, and amusements – that will attract millions of visitors and locals to downtown Springfield. This unique resort is part of the ongoing effort to revitalize the area for all to enjoy.

Edward Cettina, COO of AECOM's Building Construction group commented, "We are thrilled to be part of another iconic MGM Resorts development, and excited to continue our work with the City of Springfield, Pioneer Valley Building Trades and Fontaine Brothers Inc. to bring the vision of MGM Springfield to life."

MGM Springfield maintains a deep commitment to enhancing and engaging the community and celebrating diversity across its workforce, partners and supply chain. In alignment with this commitment, Tishman Construction will host information sessions for diverse companies interested in working as subcontractors on the project.

Tishman is partnering with Fontaine Bros., Inc. to manage the parking garage project, including solicitation of subcontractors and other procurement efforts. Fontaine Brothers, Inc. is a local fourth generation, family-owned and operated construction firm that was founded in 1933 by brothers Eudore and George Fontaine. The company is currently led by David, Chris and David Fontaine, Jr., and is among the premiere contractors in Western Massachusetts. In the City of Springfield, Fontaine is best-known for its work on major construction and renovation projects including Symphony Hall, the Mass Mutual Center, Hilton Garden Inn, and dozens of educational institutions.

David Fontaine, Jr., Vice President, Fontaine Bros. Inc. added, "Fontaine Bros. is elated to partner with Tishman Construction and MGM Springfield on this exciting project. We are thrilled to join this world class team and to play an active role in the continuing revitalization of the City we call home. We look forward to working with Tishman to manage the construction effort while continuing to help the team connect and partner with more talented contractors based here in Western Massachusetts."

MGM Springfield is a unique and complex development, and the deep expertise and hands-on approach of Tishman Construction and Fontaine Bros. are valuable assets to the project.
